

Davide Penso Accademia & The ArtStudioMurano

presents

LONG STAGE MASTER

formative laboratory 2011

exclusive possibility to live and work in Davide's studio

for only **one** selected student !!

Once upon a time ...

a kid that was living in a small island... during the hot afternoons of the summer he was usually to sit in a small shop of a old artisan listening his fantastic stories ... hours and hours... listening and watching the man working.

The hands of the gentleman were dancing a hypnotic dance on the fire and even the "steps" after a bit were always the same ... the kid was never too tired to watch that dance ...

In that place... in that age... nobody would have said that one day his hands would have danced on the fire too.

Now that kid knows that nothing was so helpful as it was then, to see and to listen for hours...days ...weeks.

davide

THE LONG STAGE MASTER

This new initiative offers the participant the opportunity to live and work in Murano, interacting with the staff of the ArtStudioMurano.

There you are able to improve in lampwork technique, to use tools and machinery, the klin and, moreover, experience the glass fusion technique.

Plus, you can live within the working world; from project to the professional production of the beads, designing jewelry, and strategy of sales.

ALL THE NUMBERS OF THE LONG STAGE MASTER

1 teacher - Davide Penso

More than 20 years of Flamework business, 10 years of international teaching and the official glassblowing teacher of Boston University and Abate Zanetti murano glass school. He is always looking for new artistic expressions of glass without ever losing the view of business. This combination gives to Davide something that not many can find: work and fun. He is never too serious, but is always concentrating on the objective at hand allowing the possibility to develop and keep a good balanced life. Davide believes in practicing good technique with a good philosophy in mind, which permits him to reach a nice equilibrium. Davide's ways of approaching the flame, the melting and the action of the bead-making are truly attributes that belong to him. He expresses his style through the combination of his Venetian artisan experience and contemporary vision that characterizes all of his work. Many bead-makers with years of experience enjoyed Davide's works and techniques and started to switch their ways of work to Davide's solutions. But what he likes and where he can express himself with all his creativity is the jewelry designing; his creations are unquestionably characterized by Davide's style. Amazing jewelry of incredible simplicity is the brand of Davide Penso's design.

1 tutor – Muriel Jouret

Talented Belgian mosaic artist since 2005. During the Orsoni master classes in Venice she met the melting glass discovering that was her new direction. After the first course with Davide she decided to move definitely in Murano to learn all the technique and business about the glass. Her passion and admirable sense of organization became a solid support to manage Davide classes and projects starting a new collaboration.

24 days 168 hours of work

Beginner stage during the first week Davide teaches his own basic technique of the lamp-working and bead-making. Afternoon practical exercises are request to the student that has to reach the goal in the right time.

Wire-lampworking, Shaping , blowing and much more are the topics of the flamework class.

Jewelry designing , Beading, wiring, marketing, prices and strategies of sales will be treated.

For the advanced student Divide thought more to see a sort of collaboration, side by side building project together that can touch many different technique: from designing to fusing and grounding and all the creation process of the jewelry.
